

Parts of a Tree

Label the parts of the tree.

Use the word bank to help you.

Then read the definitions in each box around the tree.

In the circle, write the number of the tree part that matches the definition.

<p>makes and releases oxygen</p> <p><input type="radio"/></p>	<p>holds the plant in the soil</p> <p><input type="radio"/></p>	<p>carries water and minerals from the roots to the rest of the plant</p> <p><input type="radio"/></p>	
<p>contains and protects the seeds</p> <p><input type="radio"/></p>			<p>supports the leaves</p> <p><input type="radio"/></p>
<p>absorbs water from the soil</p> <p><input type="radio"/></p>			<p>makes food for the tree</p> <p><input type="radio"/></p>
<p>takes in sunlight and carbon dioxide</p> <p><input type="radio"/></p>			<p>supports the fruit</p> <p><input type="radio"/></p>
<p>holds up the branches</p> <p><input type="radio"/></p>			
<p>Word Bank leaf fruit branch trunk root</p>			

Answer Key

<p>makes and releases oxygen</p> <p>①</p>	<p>holds the plant in the soil</p> <p>⑤</p>	<p>carries water and minerals from the roots to the rest of the plant</p> <p>④</p>
<p>contains and protects the seeds</p> <p>②</p>	 <p>① leaf</p> <p>② fruit</p> <p>③ branch</p> <p>④ trunk</p> <p>⑤ root</p>	<p>supports the leaves</p> <p>③</p>
<p>absorbs water from the soil</p> <p>⑤</p>	<p>Word Bank leaf fruit branch trunk root</p>	<p>makes food for the tree</p> <p>①</p>
<p>takes in sunlight and carbon dioxide</p> <p>①</p>	<p>holds up the branches</p> <p>④</p>	<p>supports the fruit</p> <p>③</p>
